CTPI-R APPLICATION

Recruitment

CTPI-R facilitates your recruitment process by identifying managers who closely fit your requirements. The *Managerial Potential Indicator* (with a scale of 0 to 100) enables a quick inference of an individual's predisposition for a managerial role. Then a management style analysis indicates the project most suitable for the individuals.

Internal Mobility

CTPI-R assessment helps you prepare a succession plan. You can spot future leaders in your organisation by assessing key personality traits, such as decision-making skills, adaptability, long-term vision, stress tolerance, and ethics.

Development Programs

The assessment helps you to identify existing skills, as well as the gap between the individual's managerial competencies and the job requirements, thereby defining areas of development.

DIMENSIONS

The test examines 19 dimensions categorised into four groups:

Cluster 1: People Management

Affiliation
Assertiveness
Control/Power
Developing others
Tactical
Trust

Cluster 3: Self-Management

Commitment
Lively
Optimism
Self-confidence
Emotional stability
Surpassing

Cluster 2: Perception Mode

Conscientiousness
Rational
Rule consciousness

Cluster 4: Change Management

Action-orientated
Adaptability
Experimental
Visionary

REPORT PRESENTATION

Graphical and tabular presentation of the profile

Personalized comments

Matches profiles with 21 key behavioural competencies

Matching of the candidate's profile with the competency model of the organisation
